

**Future Professionals Report**  
**SCAHPERD Annual Meeting November 9, 2017**  
**Submitted by Karie Lee Orendorff,**

**2016-2017 SCAHPERD Future Professionals Officers:**

**Karie Orendorff, Faculty Sponsor**

**Chandler Casner – President (University of South Carolina University)**

**Bryan Parker – Vice President (University of South Carolina University)**

**Work of the Future Professionals:**

- Active participation in all conference planning committee meetings
  - Suggestion of video promotions
  - Social Media use
- Active participation in all board meetings
- Contacted each higher education institution requesting names of a student representative to serve on an intercollegiate panel. We had one meeting in the spring of 2017 to find out what they would like from Future Professionals and what they would like to see for Super Stars. We had students from Winthrop, Costal Carolina, Charleston, Newberry and Limestone signed up to come. We ended up with students from Winthrop and Newberry on the day of the conference.
- Had 8 teams from 5 universities participate in the 2017 Super Stars competition
- Tried to get the FP's involved with a "design your conference t-shirt contest. No one submitted any forms
- Organized and will implement the Super Star Competition of SCAHPERD Conference.

**Future areas of revision and clarification:**

- Brainstorm ideas to increase Future Professional's involvement
- Revise Future Professionals Constitution and By-laws and write Operating Codes
- Discuss establishing a state Future Professionals Leadership Development Conference, tried to find a time when this would be advantageous for the FP's. Fall is not an option with PEAK and the State Conference. Spring is the option but this past spring there was too much going on.
- We would like to see a FP Service Project get started as well.
